

ESU SMEAC V1

Type of Service: Security for Trucker Protest/Convoy 2022

Authorizing CIC: Inspector DEGRAAF

SMEAC Created By: PC PATERSON

Assistance Requested By: WPS, OPP, RCMP, LONDON PS

Date of Execution: February 14, 2022

SITUATION

Situation:

Group of Protestors had created a blockade on Huron Church Rd blocking traffic to and from the Ambassador Bridge.

On Friday February 7, 2022 at 1900hrs Chief Justice Geoffrey B. Morawetz granted an injunction. The document states anyone having notice of the order is prohibited from "impeding or blocking access to the Ambassador Bridge and indirect or direct approaching roadways and access points" and it is valid for 10 days.

The injunction authorizes police or "designated agents" to remove any vehicles, personal property, equipment, structures, or other objects that impede or block access to the bridge, and approaching roadways.

It allows for the arrest and removal of anyone the police have "reasonable grounds to believe is contravening, or has contravened, any provision" of the order, although they can be released if they agree to obey the order.

People are free to engage in peaceful protests that don't impede or block access to the bridge or approaching roadways, the order states.

Those blockades were removed by Public Order Units, the road/bridge have since been reopened and traffic is flowing at this point. With the assistance of numerous outside units, all East/West cross streets on Huron Church have been blocked and are being managed allowing any emergency personally to pass if required.

ESU has been tasked with dealing with any persons or vehicles who breach the injunction by removing any persons or vehicles who are in contravention.

Justification for ESU

ESU is trained in vehicle interdiction and extraction of persons who refuse to exit vehicles upon request.

Special Considerations (Children, dogs, etc.)

MISSION

Mission Statement
WPS, OPP, London PS, Chatham PS and RCMP will keep the peace, enforce legislation, establish and maintain the safe flow of traffic and respecting individuals charter rights to peaceful assembly and freedom of speech with the public and officer safety being paramount.

EXECUTION

Main Action Plan
Persons On Foot Impeding Traffic: ESU will approach and advise all individuals that they are in contravention of the injunction/Order and advise them of the consequences (arrest) if they do not immediately exit the roadway and disperse. If they do not comply all parties will be arrested utilizing as little force as necessary.

Vehicles Impeding Traffic (ESU Only):**REDACTED**

One officer will advise the occupants that they are under arrest on the strength of the injunction/Order and to exit the vehicle. A reasonable opportunity will be given to the occupants of the vehicle to comply. In the event that the occupants do not comply and exit the vehicle

Vehicles Impeding Traffic (OPP TRU Primary and ESU Assist): OPP TRU have previously created a plan for vehicle extractions and have assigned their team with the appropriate tasks. ESU Sgt MACDOUGALL and I have spoken to OPP TRU S/Sgt WALKER and their TL and are in agreement that, in the event that OPP TRU are on scene they will execute the vehicle extraction and arrest with their members and WPS ESU members will support as necessary.

Immediate Action Plan

Conduct an immediate entry with a hostage rescue/active shooter mind-set to protect against the immediate loss of life.

Rationale of Plan**Mission Planning Factors**

Priorities of Life include:

Facts and Intelligence gathered through the investigation
Environment and Terrain of the area of the objective area
Tools and Tactics of ESU members through team training
Officers Instincts and Experience

Definitions

ADMINISTRATION

Additional Resources Required

(Public Order Units (if on scene), OPP TRU (if on scene), MPV)

Other Information

Item	Description
------	-------------

Clothing	Fully marked tactical police uniform
Equipment	Fully marked tactical uniforms, PPE and use of force options including firearms
Hospital	Windsor Regional Hospital Ouellette Campus (trauma centre) or as directed by EMS.

Additional Support	
Unit	Role
Medics	Provide immediate medical support
K9	Provide K9 support to the perimeter, interior clearing and mobile arrest
Investigators	Provide investigative support, prisoner handoff and assist with outer perimeter
Patrol	Provide emergency outer perimeter control
